### Get to Know the ESLC

The English Skills Learning Center (ESLC) is a 501(c)3 charitable organization that has been serving Salt Lake County since 1988. Our mission is to integrate and strengthen communities by breaking language and cultural barriers.

All of our work centers on the concept of two-way mutual integration, which means that both English language learners AND fluent English speakers are responsible throughout the integration process. Fluent English speakers can learn with us by attending workshops, becoming a volunteer, or even participating in a community book club. For English language learners, the ESLC specializes in teaching English language and civics for adults with limited and interrupted formal education. We create a safe-space for everyone to learn and grow together in order to reach our vision of a community where all voices are celebrated.

### Get to Know the Team

The ESLC team is a group of high-quality humans working together to make our community better. We are constantly seeking professional development opportunities and sharing knowledge with others on the team and externally, when possible, to ensure that our practices are research-based and effective. We lean on each other when needed and celebrate both victories and failures as we go. We are truly a family – but a family that respects boundaries, honors work-life balance, and supports you and your mental health any way we can. We are an organization that realizes the lines between work and life are sometimes blurry, so it should be noted that children, dogs, and cats are often present during virtual meetings.
